VOLUME XXXIX

FLAGSTAFF, ARIZONA, FRIDAY, AUGUST 18, 1922

NUMBER 43

FLAG'S VICTORY OVER JEROME SUNDAY WAS EIGHTH STRAIGHT WIN

Jerome's Polecats fell easy victims to the peppy, hard-hitting Flagstaff Tigers in Sunday's baseball game on the local diamond.

Glaring errors alternated with brilliant plays. The visitors were out-pitched, out-hit, out-guessed and out-classed in spite of their Glendale battery. But they are a fine bunch of clean sports. There was no wrangling, with very few arguments, all of them good-natured, as, for instance, when McCord, Jerome's speedy first baseman, failed to touch third on his way around the circuit. The base umpire didn't see it, and admitted he didn't, while the Jerome players freely admitted the fault; yet the man was declared safe without protest from Flagstaff. Again, when Coor, the Jerome pitcher, balked, he was told of it, but it was let go at that.

Incidentally, just to let the pleasant news trickle through to Williams, where the claim was made that Kelly didn't give them a fair deal, let it be set down here that the Jerome men said Sunday after the game that Kelly did the best umpiring behind the plate they had seen this year, and they insisted that he be taken with our team to Jerome next Sunday, when we go there to play the return game.

And Kelly was good. Occasionally, like all humans, he errs, but he is on the dead square and a true sport, besides, and some of his conscience-bitten critics would do well to pattern after him in both these respects.

The outfield was heavy, conducive to slow fielding, while the mud around first was a handicap though it was much better than it would have been but for Bert Cameron's donation of (Continued on Page Five.)

MARLAR HAS TWO AUTOS SMASHED IN TWO DAYS

Will Marlar was the victim of two automobile accidents on two successive days while he was in Phoenix the first of last week on business, and wonders just what Henryford has against him. He and one of his box-factory business associates were driving in Will's Studebaker big six when a drunken man slammed his henry into it, wrecking both cars thoroughly, but hurting no one but the drunk and him only slightly. His injuries were treated in jail. Next day, the same two in an Oldsmobile were driving near Phoenix when a man following them and looking elsewhere than ahead, ran into them, smashing his own car to smithereens, and breaking the gas tank, a fender and the tail-light on the other. The offending driver was the only one hurt, being thrown out and scraping up a few yards of paving with his face.

MRS. CECIL DE VANEY IS NEW LIBRARIAN

At a meeting of the library board, held at the public library Saturday afternoon, Mrs. Cecil DeVaney was appointed to take the place of Miss Katherine Stites, who has been serving in that position for the past year. Miss Stites has accepted a position in the San Bernardino library. She is a graduate of the well known Carnegie library school of Pittsburgh, and had thorough experience in Pittsburgh and Chicago libraries previous to coming to Flagstaff.

Mrs. DeVaney was in charge of a certain branch of library work in the Pueblo, Colo., library. She will probably take charge of the Flagstaff library on the 26th of this month.

ROBBED ROOMING HOUSE

Demetrio Gonzales, Jose Baca and Perfilio Montoya were arrested by Marshal R. L. Neill on Monday, accused of robbing the rooming house at 212 East Railroad avenue, run by Francisco Gabellone. A razor owned by one of the guests of the rooming house was identified by the owner, and Gonzales made immediate confession, implicating Baca and Montoya. The remainder of the loot was found buried in a wood shed in old town. Complaint was filed in Judge R. J. Kidd's court on Wednesday, for robbery in the first degree. Gonzales will plead guilty to first degree burglary, while the others will probably stand trial.

QUIT YER FOOLIN', KIDS!

This is a poor time for boys to pretend they are burglars. A tragedy might easily result. Since the robbery last week of the Union Oil Co., Manager Bert Cameron has kept a man there nights, armed with a heavy Savage rifle. Tuesday night, knowing he was there, several boys drove an auto truck to the front gate, raced the engine, then got out and entered the yard and tried to lock the watchman in. Fortunately the latter kept cool and after watching for awhile decided it was all a joke. Very few men under like circumstances would have kept from shooting.

IN HURRY TO GET TO COWS, GOT FINE OF \$50

A prominent Yavapai cattleman who drove a big Marmion through Flagstaff Saturday evening, endangering people by reckless driving, and running into a box car at the Leroux street crossing, was arrested by Night Marshal J. E. Walker in Winslow soon after. According to R. L. Neill, Flagstaff town marshal, and several witnesses, the car hit it up awfully hard. The stockman wired back \$50, which was the fine assessed by Police Magistrate Gilliland.

STRIKING SANTA FE TRAIN CREWS OUTLAWED BY BROTHERHOOD, TRAINS BEGIN TO MOVE, MAIL ARRIVES AND STRIKE END INDICATED

SAYS COLONEL INGALLS OUSTED ARMED GUARDS

H. S. Greenwood of Needles, who is spending some time with his family at Lake Mary, and who got back from Needles on Tuesday, said that the armed guards are the ones who have been creating the disturbance there. He said in reference to President Harding's message to Governor Campbell offering assistance in case any was needed for the passengers marooned on the desert, that the strikers themselves had done everything possible for the comfort of the passengers, even going out into the country and commandeering eggs, milk and butter for them. He said that following Governor Campbell's order to State Adjutant General Ingalls to go from Ashfork to the desert points to investigate conditions, Colonel Ingalls did make the trip, in an automobile. At one point, Mr. Greenwood said, the Colonel encountered a special passenger train, manned by officials of the railroad company, with three armed guards on the locomotive. The Colonel peremptorily ordered the guards off and gave the officials a roasting for carrying them, saying that was the surest way to incite riot. Mr. Greenwood reported that all passengers had been removed from the desert, some having been taken back to the coast and others east.

ROTARY VOTARIES IN RAIN UP AMONG THE CLOUDS ON TUESDAY

Flagstaff Rotary club ate luncheon Tuesday at Jack Smith Springs, up between the big peaks. Driving rain hampered proceedings but did not dampen enthusiasm. It did interfere with carrying out a detailed program which had been arranged by B. A. Cameron, chairman for the day. Formalities were limited to singing. But, in spite of rain and dangerous roads, everyone had a jolly good time, and there were no transportation mishaps.

Those who made the trip: President and Mrs. I. B. Koch, T. A. Riordan, David Babbitt, M. I. Powers, Mr. and Mrs. J. C. Dolan, Mrs. Ed. Babbitt, Ray Babbitt, Father C. Vabre, George T. Herrington, his daughter, Miss Betty Herrington, and their guests, D. L. Touhy and Miss Susannah Touhy of Kansas City, Mo.; Mr. and Mrs. B. A. Cameron, Mr. and Mrs. Joe P. Wilson, Mr. and Mrs. Jimmy Lewis, Mr. and Mrs. Oscar Bartlett, Mr. and Mrs. John G. Verkamp and Mrs. Oscar Verkamp, Mr. and Mrs. Loren W. Cress, Mr. and Mrs. Frank Harrison, Mr. and Mrs. Del Strong, Dr. and Mrs. M. G. Fronske, Mr. and Mrs. Fred Lusk, Tom L. Rees, Mr. and Mrs. Hugh Wheat, Judge H. D. Ross of the state supreme court, Tommy Long, Mr. and Mrs. J. C. Brown, Mr. and Mrs. Sidney Gassman, George C. Becker, Mr. and Mrs. Don Gilchrist, Rev. Frank Bloy, Clarence T. Pulliam, Francis A. Chisholm, Captain J. B. Wright, Mr. Wallingford of Phoenix and guests, Mr. and Mrs. Wm. Babbitt, Miss Ruth Latimer, E. G. Miller and two guests, John Marshall, Miss Margaret Walsh, Scout Executive P. E. Warner, and Boy Scouts Frank and Bill Harrison, Freddie Collins and Charlie Prochnow; Howard Weidner.

There were two or three others in the 15 cars that made the trip whose names were not learned.

JAMES L. BYRNES DIES AT FORMER KANSAS HOME

James L. Byrnes of Flagstaff, died in St. Mary's, Kansas, on Tuesday morning of this week, burial taking place in that city the next day. Mr. Byrnes had been in ill health for some time, suffering from anemia. With his wife he returned to St. Mary's his former home, early last spring, hoping that the change in climate would be of benefit, but it did not seem to be and he was bed-ridden a great deal of the time until his death. He was about 62 years of age.

Deceased was very well known in Flagstaff, where he had been a prominent and respected citizen for many years, and where he and Mrs. Byrnes still have their home. He had a host of warm friends who will be deeply grieved to learn of his death. For many years he was connected with the Arizona Lumber & Timber Co. Later he was postmaster of Flagstaff. He retired from active business life several years ago, but retained an active interest in church, political and civic affairs. He was a member of the Catholic church.

Mr. Byrnes' wife was formerly Miss Mary Moriarty of Wamego, Kans. They had no children. He is survived by his widow and one brother, T. J. Byrnes, of St. Mary's, who is the father of Mrs. Arthur M. Riordan of this city.

BROTHERHOOD RECEDES FROM PERMISSION TO STRIKE WHERE ARMED GUARDS ARE KEPT. OTHER ROADS GET BACK TO SCHEDULE

Indications are that the trainmen's strike, which has never been more than local—southern California, western Arizona, Joliet, Ill., Atlanta, Ga., and Birmingham, Ala., being the points worst affected—is nearing a close. The "Big Four" brotherhood, which at first gave the train crews permission to strike wherever armed guards were used, has reversed that decision and notified the men that they are striking without authority and will not be supported either morally or financially. Telegraphic bulletins from the "Big Four" to that effect are posted on the bulletin boards at Seligman and other division points.

This cannot be taken to mean that all danger of a general railroad strike is past. The claims of the striking shopmen and trackmen have not been settled. Until they are settled there is danger of the strike spreading to employees in other departments. But, right now, the brotherhoods' influence is being thrown against a walkout, and it is highly probable that the peak of the crisis has been passed and before many days trains will be running in all affected regions on full schedule.

The Santa Fe had a transcontinental train west through Flagstaff Wednesday, and several trains each way yesterday.

The Southern Pacific, which had been having trouble in southern California, lifted its embargo on perishable freight on Tuesday. All the train crews returned to work. The crews had quit alleging they were in danger from armed guards and defective equipment.

The Union Pacific cleared out all the stalled trains on the Los Angeles and Salt Lake branch and full traffic was resumed on Tuesday.

The first stand of President Harding and the attitude of the U. S. labor board, appointed at the request of labor, to the rulings of which the brotherhood had agreed to accede, must be given the credit for smoothing the situation. The brotherhoods evidently realized that should they fail to live up to the requirements of the labor board they would lose whatever public sympathy and respect they have. And it now seems apparent that they will act in accord with those rulings.

Several Trains Yesterday

Yesterday the Santa Fe trains were running more frequently. Nos. 9 and 3 scheduled for the afternoon, at 2 and 3 o'clock, and No. 21 for last evening; while eastbound No. 4 was to go through at 4:30 p. m. and No. 10 some time during the night.

Beginning with the walk-out date, last Thursday, all trains here ran as usual. They all ran on Friday, also Nos. 9 and 1 were on time Saturday, they being the only regular trains (Continued on Page Six)

PAUL KELLER, GAME WARDEN, BUT STATE OFFICE CAN'T PAY HIM

Paul E. Keller of Flagstaff has been criticized by many who know of the waste of fish and wanton killing of small game at Mormon lake for not stopping it. This has got under Paul's skin.

He was appointed warden in May, to succeed Mr. Fenstermaker, of Sedona. He took his work seriously and at the beginning of the fishing season got busy at the lakes seeing to it that all who fished had licenses, requiring those who didn't have them to get them. After a while he began to wonder when he was going to get a salary check from his chief, State Game Warden Prochaska.

He got from Prochaska's office: "Phoenix, Arizona, May 26, 1922.

"Mr. Paul E. Keller, "Flagstaff, Arizona.

"Dear Sir: In reply to your favor of recent date, please be informed that it is impossible to put you on a salary other than the fees you collect in fines.

"Up to the present time this office has had no reports of your making or causing to be made any arrests for violations of the state game laws.

"As soon as the funds are sufficient, you will be notified of the amount you will be allowed for salary and expense account.

"Your very truly,

"W. A. HILL, "Office Deputy."

Paul stopped work right then. He hasn't any desire to put in his time and spend a lot of money for expenses on the chance that sometime he may get an allowance for salary and expense. He wants to see the game conserved, but believes if it is to be the state game warden has got to get busy or else the county will have to take the matter in hand.

It is not known whether the same conditions as exists here are true in other counties of the state. If it is, apparently the only money being spent by the state game department is in office salaries. Which isn't the sort of functioning that does any good.

ONE PEAK COVERED

While the sun was shining here in Flagstaff the other day the clouds hung low over the San Francisco peaks. When they cleared away, early in the afternoon, it was discovered that Humphrey Peak, the farthest from town, had been covered with a generous mantle of snow, though there was no evidence of any having fallen on either of the sister peaks only short distances away.

BATTERY "D" UNLIKELY TO GO ON STRIKE DUTY

There has been no intimation that Flagstaff Battery "D" will be ordered out on strike duty. They have not been ordered to mobilize nor has any order come about being in readiness. It is believed that State Adjutant General Ingalls was so disgusted over the action of the Santa Fe railroad officials at Winslow in bringing in a carload of negro strike breakers a few weeks ago that he will go slow in ordering out the guard upon request of the railroad company. It was evident at that time that the company, wishing to break the shop strike in a rush behind the cloak of the national guard, brought the negroes in and at the same time induced a peace officer to call on the governor for militia. Ingalls takes the stand that importing negroes comes pretty close to inciting riot.

The Santa Fe trackmen here in Flagstaff are not on strike. Foreman August Johnson, with about a dozen men under him, has been working steadily. The wages received here are: Foreman, \$117.08; trackmen, 30 cents an hour. During the war the foreman received \$143.60, and trackmen much more than they are getting now. Then the foreman was cut to \$123 a month and the men to 35 cents an hour. Since then the wages were again cut, to the figures shown above.

HOPPI SNAKE DANCE WILL BE AT HOTEVILLA ON SATURDAY, AUG. 26

"The Hopi snake dance will be held on the 26th (Saturday) at Hotevilla, five miles from Oraibi."

The above is the message sent to The Sun by Lorenzo Hubbell, whom Nina Wilcox Putnam in the Saturday Evening Post called "Lorenzo the Magnificent."

Now that the date is definitely known, exact plans can be made for attending. There will be the usual big crowd from here, and scores of people from all over the United States and some foreign countries will, as in years past, make this their starting point. The railroad strike may have some effect upon the attendance, though transportation conditions will likely be settled soon enough not to seriously cut down the attendance.

Flagstaff and Winslow are reported to be the only two feasible starting points. Those who leave the railroad farther east are likely to have serious road trouble trying to negotiate the sands and washes, especially as the roads leading from points east of Winslow to the dance are not so much traveled and there is less chance of immediate help once trouble does come. Flagstaff always is the favorite starting point, more people leaving from here each year than from all the other railroad points combined. The road is better from here and so many cars travel this way that if one does have car or road trouble there is always plenty of help quickly available.

The date of the snake dance was not earlier known because it varies slightly from year to year, depending upon certain conditions, and is never announced except by the chief of the snake clan and then always exactly 16 days before the actual date of the dance.

Hotevilla, the place chosen for this year's dance, is the most primitive of the Hopi villages. The Indians there have not yielded to the influence of education like those in the villages surrounding, and getting the children to school is a daily problem that has to be met by truant officers making the rounds of the hogans and rustling the kids out. Indian costumes at Hotevilla are primitive, especially in their abbreviation, and with the children, their total lack. The lay of the ground on top of the mesa is such that there is more room for visitors than in any other of the villages and everyone may have a good view of the dance at a safe distance from the rattlers and other snakes the dancers carry in their mouths during the principal part of the dance, and which they liberate afterward.

STOCKMEN PLAY IN LUCK

Local stockmen came out luckily in that none of them had stock in transit to the market when the strike was called. Campbell, Francis & company had just shipped eight double-deck carloads of lambs to the Standard Packing Co. at Los Angeles and the lambs are being held at Ashfork, where there is very little range except privately owned. Campbell, Francis & Co. received the money for the lambs before they left here; so any litigation that may follow will be between the buyer and the railroad company. The former stands to lose many thousands of dollars on the shipment.

BOTH PARTIES HAVE VACANCIES IN COUNTY PRIMARY TICKETS

Saturday last was the last day allowed by law for filing petitions for place on the ballot at the coming primaries. At Monday's regular monthly meeting of the county board of supervisors the petitions were gone over, accepted and filed, and it was found that the republicans have 10 candidates for salaried county offices, the democrats 11. For salaried precinct officers, the republicans have six candidates, the democrats 10. While for unsalaried precinct officers, namely precinct committeemen, the republicans have nine entrants, the democrats 8.

Here they all are:

State Senator—S. B. Gilliland, Flagstaff, R.; Hugh E. Campbell, Flagstaff, D.

Member lower branch state legislature—Erle M. Polson, Williams, R. Judge of superior court—F. W. Perkins, Flagstaff, R.; J. E. Jones, Flagstaff, candidate for re-election, D.

Clerk of superior court—Tom L. Rees, Flagstaff, D., candidate for re-election.

Sheriff—W. A. Campbell, R., candidate for re-election, and F. H. Paten, R., both of Flagstaff; John W. Francis, D., and W. J. Mullen, D., both of Flagstaff.

Supervisor, District No. 1—W. H. Campbell, R., candidate for re-election; Robert E. Taylor, D.

Supervisor, District No. 2—Fred Garing, R., candidate for re-election, and John McWilliams, R.; John Loy, D.

Treasurer—Mrs. Ana Frohmiller, D., Flagstaff, candidate for re-election.

Recorder—R. H. Marine, R., Flagstaff; Eugene Phelan, D., Flagstaff.

County Attorney—F. M. Gold, Flagstaff, candidate for re-election, and Frank Harrison, Flagstaff, both democrats.

Assessor—Wm. Beeson, R., Flagstaff, candidate for re-election.

County superintendent of schools—Virginia M. Lockett, R., Flagstaff, candidate for re-election.

Precinct Officers, Salaried

Justice of the peace, Flagstaff district—Robert J. Kidd, candidate for re-election, and Walter J. Stevenson, both republican, and George Connolly and J. Edward Priest, both democrats.

Justice of the peace, Williams precinct—J. S. Button and S. O. Miller, republicans, and George McDougall and R. D. Mitchell, democrats.

Justice of the peace, Grand Canyon precinct—R. P. Gilliland, D., candidate for re-election.

Constable, Flagstaff precinct—John O. Parsons, D., candidate for re-election.

Constable, Williams precinct—Jacob Buss and Joe McDaniel, republicans, and E. H. Merritt and George S. Paten, democrats.

Constable, Grand Canyon precinct—Bert Lauzon, D., candidate for re-election.

It will be noted that Fredonia precinct has no candidate for either justice of the peace or constable.

Precinct Committeemen

Flagstaff precinct No. 1—Republican (the republicans elect two) Harlow Yaeger and Del Strong. Democratic, P. J. Moran.

Flagstaff No. 2—Republican, Charlie Spear. Democratic, C. H. McGonigle.

Flagstaff No. 3—Republican, (three to be elected) Dr. M. G. Fronske, Joe F. Schmidt, Homer C. Bartlett. Democratic, T. E. Pulliam.

Flagstaff No. 4—Republican (three to be elected), Lewis Benedict, W. H. Conley, F. S. Breen. Democratic, John Hennessy.

No republican precinct committeemen outside of Flagstaff filed papers. The following democrats filed for outside precincts: B. F. Sweetwood and L. S. Williams, Williams; W. P. Pfiffer, Doney Park; E. T. McGonigle, Riordan.

CITY COUNCIL

At the city council meeting Monday evening property owners presented a petition requesting that Grand Canyon avenue be graded and placed in passable condition. The matter was referred to the street and alley committee, which was already contemplating this improvement.

The sewer superintendent was instructed to extend the sewer mains to the old Presbyterian church building opposite the courthouse.

City Engineer J. B. Wright was instructed to establish proper drainage and grades for Phoenix avenue, between San Francisco street and Beaver street, in order that the street may be properly graded and put into passable condition.

LIGHTNING MILDLY PATS LOU CHARLEBOIS' HOME

The roof of the residence of Lou Charlebois at 215 North Park street was struck in two places by lightning during the storm Friday evening and the fuses of the telephone line burned out. Damage about \$50. No one was injured, although the occupants of the house felt a shock when the bolt shattered the shingles.

GETTING READY FOR THE CITY PARK BOND ISSUE

At Friday night's meeting of the city council a contract was entered into with J. H. Goode, the bond expert of Denver, to handle and properly carry out the proceedings for conducting the city park bond issue, which is soon to be brought before the people for their acceptance.
